

Ankur Dixit

UX | Product Designer

Vancouver, Canada

I am a highly motivated and detail-oriented individual with a strong passion for user-centered design. With a background in computer programming, information architecture and IT support, I am excited to collaborate with experienced designers to create intuitive and engaging user experiences. My ability to work independently or in a team environment, excellent communication and interpersonal skills, and dedication to continuous learning make me a strong candidate for a role in product or user experience design.
